A CUBAN VICTORY.

The Insurgents Capture a Prominent Town. Gain Supplies and Arms.

MORGAN'S ARRAIGNMENT.

The Senator Thinks the President Has Left Congress to Its Own Initiative. Spanish Boats at Florida Coast.

DENVER, Col., Dec. 15.—A Key West special to the News says that according to advices received here 600 insurgents Chico Montague commanding, performed a brilliant feat in taking Placitas, the most important town in Santa Clara province.

Surprised the Spaniards.
 Montague and his men belong to the forces under Gomez and it seems they took the town by surprise. Montague approached Placitas at 6 o'clock on the evening of December 10 and entered before the Spaniards were aware the enemy was near.

Twenty Spanish soldiers were on the main plaza and the Cubans rode them down to death. The remainder of the garrison retreated to the barracks and did not emerge till the Cubans left.

The Union's Officers.
 It is argued that the want of funds and organization were the causes of defeat in the November election.

It is desired to remedy the evil of disorganization by beginning the next campaign immediately and continuing until the struggle is completed. A. J. Warner of Ohio is president of the union; R. C. Chambers of Utah and H. G. Miller of Illinois are vice-presidents.

Got Money and Supplies.
 The Cubans held the town from 6 p. m. till 4 a. m. They sacked nearly every store, securing an immense quantity of supplies and a large amount of money. They also captured the depot where the Spanish supplies were securing 3,000 Mauser rifles and 150,000 rounds of cartridges. The Spanish authorities at Havana admit that the insurgents captured Placitas, but say it was through the connivance of the commander of the garrison.

Morgan in the Senate.
 Senator Morgan obtained the floor of the senate today for a speech regarding Cuba. He said: "I will confine my remarks to comments upon the facts stated in the recent annual message by the President and the report of the secretary of state."

I am unable to discover that the president made any specific recommendation, or any indication that any action was deemed expedient for congress to take with reference to Spain and Cuba, nor indicated any course except the still patent waiting that the executive proposes to take.

Accepts President's Facts.
 "Congress is thus left to its own initiative and must assume its own responsibility in this matter of most serious gravity. Congress must give to the statement of the president unhesitating acceptance regarding the matters committed to his special charge unless the disproof is overpowering."

The message therefore is of the most impressive importance as the statement of leading facts and conclusions, bearing upon our duties regarding the conflict arms which has raged over two years in the island of Cuba.

Pictures Show the Nihil.
 "I have not heard that Spain controverted any of the statements in the president's message. Evidence from private sources relative to the condition of Cuba, the horrors, persecution, rapine and extermination visited upon the people of Cuba admits no doubt of credibility yet it presents pictures so incredibly inhuman and disgraceful to the civilization of this age that it stuns the mind into disbelief that such things are possible."

Spanish Ships at Florida.
 A Key West special to the Commercial Tribune, Cincinnati, Ohio, says that it is reported that an unusually large number of Spanish warships is off the Florida coast.

It is said the vessels go to sea during the day but come to land at night and throw their search lights in all directions. The people ashore have also sighted the ships several times.

Mr. Woodman's Resolutions.
 In the house of representatives today,

Mr. Woodman introduced a joint resolution directing the President to intervene in Cuban affairs.

The resolution recites Antonio Maceo's assassination and Spanish cruelties and says the president failed to carry out the wishes of the people, that the honor of the United States is at stake and the history gives a precedent on which to base a hope that Spanish operators will change to a compliance with civilized warfare.

FREE COINAGE CAMPAIGN.

An Important Meeting to Silver Men. Organization to be Perfected and Plans Pushed.

[Special Dispatch to the Transcript.]
 WASHINGTON, D. C., Dec. 15.—A meeting of the officers and executive committee of the American Bimetallic union began today for the purpose of advising ways and means to continue the work in behalf of the free and unlimited coinage of silver at sixteen to one, and incidentally to arrange for the resumption of the publication of the National Bimetallic union's organ.

To Effectively Organize.
 It is stated that the paramount business of the meeting will be the arrangement of details for a convention of the silver leaders throughout the country with a view to the inauguration of a comprehensive organization in behalf of silver. It is said to be the desire of at least a few of the officers of the union to call together in this convention the officers of all state and silver organizations, including the silver populist, and leaders the ablest generally in the white metal movement, and to finish a plan operations which will begin in the near future and continue throughout the campaign of 1900.

LUMBER WANTS PROTECTION

A National Convention at Cincinnati. Appeals to the Southern Free Traders.

[Special Dispatch to the Transcript.]
 CINCINNATI, O., Dec. 15.—Fifteen delegates representing twenty-seven states assembled this morning to open the national convention of the lumber interests which was called to order by J. E. Dolebaugh. W. D. Judson made an elaborate address, telling the purpose of the convention and present condition of the lumber trade. He appealed to the delegates from the southern states, which was largely represented.

AGAINST CORRUPTION

Senator Allen Wants a Committee to Make Strict Investigations.

ALLEGED ELECTION BUYING.

The Committee Will Find Out if Gold and Silver Mine Owners or Foreign Capitalists Contributed.

[Special Dispatch to the Transcript.]
 WASHINGTON, D. C., Dec. 15.—A stir was occasioned today when Mr. Allen offered a resolution for a committee of nine senators on the use of money in elections. The resolution directs the committee to thoroughly investigate the extent that money, if any was used in connection with the recent election, either in promoting nominations or influencing in any manner the choice of presidential electors.

After Money Giving.
 The committee is to inquire whether the expenditure was excessive, illegitimate, corrupt and unlawful and expressly to ascertain for what extent for such purposes the owners of silver mines and gold mines, bankers, manufacturers, corporations and millionaires made contributions, and what contributions if any were made by persons on corporations abroad.

Court Power Given Them.
 The resolutions gives the committee court powers and directs the report by the first Monday of December, 1897. Mr. Allen made no remarks on the resolution, but sent the newspaper clippings to the desk and had the clerk read the account, charging irregularity in connection with the recent election. The resolution was referred to the contingent expenses committee, Mr. Allen remarking earnestly that he desired speedy report to senate.

Talmage Offered Prayer.
 Rev. T. Dewitt Talmage delivered prayer at the opening of the senate. In the absence of Mr. Stevenson, Mr. Frye occupied the chair. Mr. Hale presented a report of the appropriation committee on the pension bill and gave notice he would call it up tomorrow. The house concurrent resolution for the holiday adjournment was adopted.

Roses for Mr. Morse.
 In the house today a large basket of American Beauty roses graced the desk of Mr. Morse of Massachusetts when the house met this noon. It was sent by the anti-saloon league of this city in "Grateful appreciation of your efforts in behalf of temperance." Several minor bills were passed with unanimous consent.

WRONGLY IMPRISONED.

Their Liberation Followed the Confession and Suicide of Their Accusers.

[Special Dispatch to the Transcript.]
 HELENA, Montana, Dec. 15.—Governor Rickards has granted the pardon of Mr. and Mrs. Edward Clark, serving seventeen years in the penitentiary for the murder of John P. Stewart by poisoning. Their conviction of murder in the first degree was brought about through the testimony of Mrs. Mary Stewart.

Mrs. Stewart finally confessed to an attorney and ex-Governor Tooley but committed suicide before the written statement was signed. The couple had served a year. Governor Rickards made what reparation lay in his power by pardoning the innocent couple.

BLEW HIS HEAD OFF.

Morris Pope Shot His Friend in a Quarrel and Took His Own Life.

[Special Dispatch to the Transcript.]
 WILKESBARRE, Pa., Dec. 15.—During a quarrel today Morris Pope shot John Keithline fatally wounding him. When Pope saw his friend fall to the floor with a mortal wound in the shoulder he placed the revolver to his mouth and blew his head off.

THE CITY ELECTION.

It Passed Off Very Quietly Today in All the Wards.

North Adams' second municipal election took place today and was a very quiet affair. There being no contest for the office of mayor, and several of the other candidates having been nominated by both parties, there was nothing to excite the voters or create any very special interest. The voting was light all the forenoon and the election officers predicted that the total vote would be rather small. The day was very quiet on the streets and at the polling places and a stranger would not have dreamed that a city election was in progress. The polls closed at 4 o'clock and the results will be known in a few hours, but no extra will be issued by the TRANSCRIPT. It is expected that most of the Republican candidates will be elected and that the license system of dealing with the liquor traffic will be continued.

THE FIRST OF THE SERIES.

Concert and Dance for Benefit of Hospital Nurses' Home Fund.

It is gratifying to know that the people of the city are taking much interest in the promenade concert and dance to be given at Odd Fellows' hall Friday evening for the benefit of the hospital nurses' home fund. The concert program has already been published. The concert will be given by Clapp's band and will be similar to the delightful open-air concerts given last summer. The dance music will be furnished by Clapp's orchestra.

As is well known, the design is to make these entertainments, this being the first of a series, popular in the true sense of the word. There will be no full dress affair about them and yet they will be conducted in a manner to which no one can take exception. What is desired is to have all classes come together on an equal footing and enjoy themselves in an entirely informal way, both for the social benefits which will result and to aid a charity in which all the people of North Adams should take an active interest.

The admission fee, which includes the privilege of dancing, has been placed at the low price of 25 cents, consequently the cost can be no excuse for non-attendance. For the accommodation of friends from Adams and Zylonite a special car will leave for Adams at 11:30.

Tickets are selling rapidly and the probability is that the opening event of the series will be largely attended.

CHASED BY A RUNAWAY TEAM.

P. H. Hamer Had a Somewhat Exciting Experience this Morning.

P. Rougeau's truck team took a lively run this morning. The team ran up State street and headed straight for P. H. Hamer, who was in a buggy in front of the Richmond house. Mr. Hamer saw his danger in time and whipped his horse into a run, but was surprised and disturbed to discover that the runaway team was evidently out for his scalp and meant business. Mr. Hamer ran his horse up Main with the heavy wagon thundering close to his heels. He consequently turned into Bank street hoping the runaway horses would find among the many teams on Main street another target, but they did not. They followed him into Bank street and were keeping up the chase with spirit, but fortunately the lines caught in a wheel and wound up, bringing the team to a sudden stop in front of Simard's drug store. Mr. Hamer, who had been squinting nervously over his shoulder from the start, saw the team stop and ended his mad flight at the city hall.

No damage resulted, but a Salvation Army woman narrowly missed being struck by the runaway team at the corner of Main and Bank streets.

MANGLED BY THE CARS.

Jumped the Wrong Way and Was Caught by a Freight Train.

William Carey, 40 was instantly killed at Pittsfield Junction Monday evening by being struck by a through express on the Boston and Albany tracks. Carey in company with a man named Thomas Rothera, was walking toward the city when a freight train approached behind them on the same track. A brakeman on the freight shouted at the men, both of whom jumped.

Rothera jumped in the right direction, landing on the outside embankment, but Carey unfortunately lost his head and sprang in front of another freight, which was coming directly toward him. The whole train passed over him and when picked up the body was horribly mangled.

Medical examiner O. J. Brown was summoned, in the absence of Medical Examiner Padlock of Pittsfield, and viewed the remains early this morning. Carey was a tramp and had come from Williamstown, Conn. The city will bury the remains.

Lafayette Lodge Election.
 The annual meeting and election of officers of Lafayette lodge, F. and A. M., was held Monday evening. The following officers were elected:

W. M., A. W. Blanchard; S. W., S. H. Plumb; J. W., W. H. McNeill; treasurer, F. L. Tilton; secretary, W. M. Burck; chaplain, E. A. Rand; marshal, E. Erving; S. D., L. Coleman; J. D., W. H. Crocker; S. S., W. H. Giddes; J. S., S. P. Woods; Tyler, S. Mabbett; financial controller, A. W. Fulton. A. A. Wills, S. Kimball trustee, F. E. White.

NEW REAL ESTATE PLAN.

Important Purchase at Zylonite and What It Means.

A real estate enterprise has been entered upon at Zylonite on a different plan from anything before undertaken in this section. The matter will therefore be of interest to the public generally, and especially so to people who are looking for an opportunity to get homes on easy terms.

Edward E. Orcutt of Boston, who is conducting the enterprise, has bought ten acres of land of C. A. Howland, lying west of the main street in Zylonite and nearly opposite the Mannemann Tube works. The land is high, dry, practically level and very pleasantly situated for homes, for which purpose it will be used exclusively.

The tract has already been surveyed and staked out into fifty lots, with suitable streets and avenues forty and fifty feet wide. These streets and avenues will be graded by Mr. Orcutt, who will also build sidewalks and plant shade trees. The work of grading will begin at once.

A novel feature of the enterprise, for this section, is the fact that the lots will be sold on the installment plan, so there will be no interest, no taxes, no notes and no mortgages for purchasers to bother with.

Restrictions will be placed upon the property to insure against the erection of any house or other buildings which would be detrimental to a residence section, which the entire tract is designed to be. Such restrictions will add to the value of the property, as they place all purchasers on an equal footing and will protect them from objectionable surroundings.

With the Mannemann Tube works, which will employ some 500 hands, in operation, there is likely to be a call for many more houses in Zylonite, which in addition to being a pleasant village has easy connection with Adams and this city by steam and electric railroads. The sale of lots will be open Thursday.

Those wishing to look the tract over will be furnished with electric car tickets to Zylonite and return upon calling at Mr. Orcutt's office.

Mr. Orcutt who is engaged in this sort of business in Boston and other places, announces that he will spare no pains to make this a beautiful spot and very desirable in every way for home seekers. The conditions will require all houses built to be piped and wired for gas and electric light, and all the regulations, while not severe, will be such as to make the settlement a very pleasant and desirable place of residence.

Mr. Orcutt brings good references from Springfield, one being from Mayor Kendrick. These men say he has done a similar business in that city in a straightforward and honorable way, and such endorsement entitles him to the confidence of the people here.

FOR KEEPING LIQUOR.

Ward Politician Arrested for Passing Whiskey Near the Polls.

Chief Kendall arrested Matthew Mulany of Lincoln street this morning for passing liquor to voters in the third ward. The chief claimed he saw Mulany pass a bottle containing whiskey to a fellow.

Mulaney emphatically denied the charge, and although he had a quart bottle nearly half full of whiskey on his person when arrested, he processed it was for his own consumption and not for voters. When asked what business he had about the city hall he remarked that he was much interested in the outcome of election from certain standpoints.

The chief decided to detain him and he was locked up on the charge of keeping liquor.

SALE OF ART WORK IN PROGRESS.

Fine Embroidery and Artistic Painting to be Seen in Variety.

A very handsome display of decorated china and art embroidery is being exhibited at 139 East Main street today and this evening. It is the work of Mrs. D. A. Anderson, Miss Laura P. Griswold and Miss Jennie Whitely. The display in embroidery comprises all the latest novelties in that line, and doilies and center pieces in nearly every description including the new Bulgarian work, the cut, and lace work. The entire display is very beautiful and shows the work of artists.

Mrs. Anderson's painting is very fine, and her display of colors and the faint tints shows the effect of careful study. The day has been well patronized during the sale and will probably be visited by many this evening.

Joint Installation Probable.

It has been suggested by several members of C. D. Sanford post, G. A. R., that a joint installation of officers of the G. A. R., Sons of Veterans and W. R. C., might be held the first week in January, instead of having three separate installations. As far as can be learned, such a plan would be satisfactory to all and it is probable it will be carried out.

Lecture on "Water" Tonight.

Professor Mears of Williams college will give his fourth lecture upon chemistry before the Tuesday Night institute this evening at 8 o'clock. His subject will be "Water." The lecture will be illustrated by most interesting experiments and the classes of the institute will meet at its conclusion.

WILLIAMSTOWN.

Grand Army Elects Officers.

E. P. Hopkins post, 200, G. A. R., met Monday evening and these officers for the ensuing year: Commander, I. S. Fowler; senior vice-commander, W. L. Crozier; junior vice-commander, F. H. Daniels; quarter-master, Thomas H. Hawkins; surgeon, W. H. Snoddy; chaplain, W. R. Stocking; officer of the day, H. H. Walker; officer of the guard, A. J. Rowell. There were present, comrades from North Adams, South Williamstown, Pownal and New Ashford. After the election refreshments were served and several hours were wasted away in sociability. The sword that was awarded F. H. Daniels by the fire company was formally presented to the post, to be returned to Mr. Daniels or his heirs at the disbandment of the post.

The case of the electric fire alarm system has been transferred from Mr. Sweeney to C. A. Roshack.

E. G. Tenney will lecture at the Methodist church this evening on "From Suez to Sinai."

The Cosmopolitan club held a regular meeting Monday evening.

Mrs. F. H. Daniels is in Troy, N. Y., for a few days.

St. Raphael's parish will hold a fair in Houghton's hall after the holidays. Edward Valencourt and William Cummings will contest for a gold watch.

BRAYTONVILLE.

The annual fair of the Ladies' Aid society will open Thursday afternoon. From 5 to 8 a turkey supper will be served for twenty-five cents. The entertainment will consist of "The Shepherd's Duty" and selections by the Mandolin club during the evening. Admission to the fair is ten cents.

Thomas W. Sykes spent Sunday in Rockville, Conn.

The mill was stopped Monday morning to repair a gear which met with an accident shortly after starting. The mill will start again Wednesday morning.

The chapel walls were kalsomined last week by G. H. Gibson.

BLACKINTON.

The dyeing, carding and spinning departments of the Blackinton mill have closed owing to a lack of orders. The dressing, weaving and finishing rooms are busy getting out the heavy weight samples for the next season, which opens about January 6. With a new tariff bill in view the prospects are very bright for next season.

Rev. Theodore Sedgwick of Williams-town will lecture in the school hall on Thursday evening under the auspices of the Y. M. C. A. on "English Cathedral." The lecture will be illustrated and no doubt will be very interesting.

The lecture by Rev. Lyman Abbott at North Adams Wednesday evening will be largely attended from this village.

The Blackinton mill closed today for the city election.

The schools will close this week Friday for a two weeks' vacation.
